

## 4<sup>th</sup> International Conference of Long-term Care Directors and Administrators

### AGED CARE AND AGEING: GLOBAL CHALLENGES AND RESPONSES

hosted by the ARC Centre of Excellence in Population Ageing Research (CEPAR)

August 1 - 3 2018, UNSW Sydney

### CALL FOR PAPERS extended to 20 June 2018

Long-term care is one of the most rapidly growing industries in the world. This conference will bring together academics, policy makers and industry leaders to explore new directions in Long-term care, focusing on the coordination between policy initiatives and industry and investment imperatives. Opportunities for interaction between industry representatives, and between industry and policy makers, will be facilitated.

This is the fourth conference in a triennial series which began in 2007 in Berlin, which was attended by more than 1,000 participants. Since then, events have been held in Hong Kong and Atlanta, USA, and the conference series has gained an enviable reputation as one of the world's strongest in bringing together industry and policy leaders in the field.

Long-term care developments are moving very rapidly in Asia, essentially driven by demography: the number of people aged 80 and above in Asia will quadruple to more than 250 million by 2050.

#### Call for Papers

Contributed papers and poster presentations are invited on a wide range of topics related to aged care. Young researchers are encouraged to submit. Topics may include, but are not limited to:

- Long-term Care Investment
- Efficient/Effective Aged Care Management
- Aged Care Workforce
- Care Models for the Future
- Care Models for the Future
- Assistive Technologies
- Ageing in Place
- Homecare Facilities
- Falls Prevention
- Cognitive Health/Dementia Care
- Allied Health Support
- Nutrition
- Long-term Care Insurance
- Elder Abuse

Submissions should take the form of a one-page summary of the paper or research you will be presenting. Please also include a current CV. Submissions should be sent to [cepar@unsw.edu.au](mailto:cepar@unsw.edu.au) by **29 June 2018**.

#### Tentative Program

**Industry Day (1 August):** As part of the conference, an Industry Day will be held on August 1 to provide a platform for industry players and academics to explore best practice and innovation in long-term care as well as future challenges and opportunities. The day will also provide participants with an opportunity to explore the potential for industry cooperation.

**Conference (2-3 August):** A combination of keynote presentations, panels, plenary sessions and concurrent contributed papers
